Education

Abes Engineering College   **2021– 2025**

B.tech   *Ghaziabad, Uttar Pradesh*

School Blooming Dale School 10th and 12th

2018-2021 (Badaun, Uttar Pradesh)

Relevant Coursework

- Data Structures and Algorithm
- C++
- Web Development(Html Css Javascript)
- Python
- OOPs
- Operating System
- DBMS

Experience

I have done my Internship at CODSOFT where I built the Landing Page, Portfolio, Calculator
and I also worked as a position of Campus Ambassador Intern.

Projects

Razor Pay Clone(HTML,CSS,TAILWIND,JAVASCRIPT)   JULY 2024

Built a responsive payment gateway clone using Tailwind CSS and JavaScript, focusing on clean .

Designed and implemented a modern, mobile-first interface for users and merchants, ensuring consistent look and feel across device
using Tailwind's utility-first approach.

Implemented interactive payment forms and smooth transitions using JavaScript, enhancing user engagement.

Followed best practices in responsive design by leveraging Tailwind's grid system and custom breakpoints to ensure fluid layouts.

Implemented custom components such as buttons, forms, and modals using JavaScript and Tailwind CSS, maintaining a cohesive design system.

Ensured cross-browser compatibility and accessibility compliance by testing across multiple browsers and devices.

Technical Skills

Languages: Python, C++, C, HTML/CSS, JavaScript, SQL
Core Subject: Operating System,DBMS

Extra Currricular

I have participated in many Coding Competition and many Technical Competition.
